

BEHAVIORAL HEALTH CARE.

Where and when you need it.

Get personal and confidential video-based mental health and/or substance use care through your employer's health plan or Employee Assistance Program (EAP).

Dealing with mental health or substance use issues can be a challenge.

But with Cigna, you don't have to go it alone. And you don't have to go far for the care you need.

Access behavioral health outpatient care or EAP with a Cigna Behavioral Health network provider.¹ Get help when, where and how it works best for you - whether you're home or away. Get quality care with video-based services, in a way that may be more convenient than visiting an office.

- › Use your smartphone, tablet or computer for online video conferencing
- › Schedule appointments based on provider's availability
- › Your out-of-pocket cost is the same as a behavioral health outpatient office visit (and no cost to you for EAP services, for the same number of covered EAP sessions)²
- › Access this care as part of your behavioral health benefits under your employer's health plan - and/or Employee Assistance Program.

The benefits of receiving care through video-based services:

- › Convenience
- › Choice
- › Privacy
- › May reduce or eliminate costs for things like childcare or travel associated with face-to-face visits

Use telehealth through your EAP or for mental health and substance use disorder outpatient services. It's covered under your health plan and/or EAP. See your EAP materials or plan documents for a complete list of covered behavioral health services.

Together, all the way.®

Make an appointment. It's as easy as 1,2,3:

1. Go to [CignaBehavioral.com](https://www.cigna.com/behavioral) to search for a telehealth provider under specialty. To search for EAP providers, just check the EAP box in the search tool.

2. Call to make an appointment with your selected provider, just like you would for a face-to-face visit.

3. The provider will give you information on how to set up the video-based session according to the technology they are using.

Get the help you need to stay happier and healthier. Use Behavioral Health or EAP sessions face to face, from home, at work or on the go. They're covered by your health plan, and available through the EAP.²
